From the President's Desk

I am glad to mention that we are successfully completed our five years for the overall development of autistic and slow learner children....and now we have lots of experience with us that will help us to make our image more strong and clear to the society. Now I am sure that we have earned lots of faith and fame because of our contribution towards Autistic students in the society. From last five years the main problem in front of us is of own land. But in this year we are hoping for the best possibilities. We had faced lots of problems still we have achieved a lot due to consistent and committed efforts of AARAMBH team. All credit goes to all trustees, helping hands, well wishers, and all staff of Aarambh. I really appreciate AARAMBH team for their hard work with determination, commitment and devotion.

Director
Ambika Takalkar

Objective of the Organization

AARMBH center for autism and slow learner was started with specific objectives. It is the awareness of Autism especially in MARATHWADA Region. So many Autistic children couldn't get proper guidance and education, for the benefit of such children AARMBH IS dedicated.

AARMBH is a registered non-governmental organization working to provide quality special education, therapy and vocational training to the autistic and slow learner children since 2011. It is a first Autism centre in the MARATHWADA region of Maharashtra state. It offers complete care and a happy, dignified and secure life filled with love, compassion, and achievement-oriented activities to autistic and slow learner children. AARMBH also conducts workshops for the special children parents for their education and guidance.

Vision

We visualize AARMBH as a movement that has started a home for autistic and slow learner children, to live with happiness, love, dignity and security, a life which is enjoyable, full of achievement-oriented activity, productivity and fulfilment, with specialised vocational training for the elder autistic and slow learner children to make them independent and to bring them into the main stream of the society. Educate, motivate, assist and guide to the special children parents.

Mission

I think it is well known that an AUTISTIC child cannot become normal throughout life. It is very difficult for them to spend life like others. So, it is the Mission of AARMBH on priority basis to provide quality intervention for individuals with Autism Spectrum Disorders (ASD) to help children with ASD to reach their potential. To provide a holistic approach for education of ASD & slow learner children. To provide counseling for the parents of children with ASD. To spread awareness about autism in every level of society and hence to empower individuals with an Autism Spectrum Disorder, and their families, to fully participate in their communities.

How is this done?

AARMBH Director Mrs. Ambika Takalkar who is mother of autistic child has noticed that there is no such facility for AUTISTIC children for the treatment & for the basic education in Aurangabad. So, she has taken hard efforts and initiative to start the AARMBH society for the autistic and slow learner children with the support of nine trustees. It is the only centre with its uniqueness & VISION in Marathawada region. Our sole purpose is to improve the quality of life of children and adults with autism spectrum disorder and slow learners. AARMBH Autism centre started with two children, today we have thirty autistic and slow learner children, and we are entering in the sixth education year. AARMBH have well qualified special educators, physiotherapist, psychologist, speech therapist, music teacher and dance teacher. Our main aim is to make our children independent in the day to day activities and after that make them independent by giving vocational training, so that when they become adult, they must be able to earn some money and should not be a burden on the family and they must live their life with self respect. Total AARMBH team (Nine trustees, special educators, therapist, our parents, well wishers and donors) is working with devotion and commitment for the overall development of AARMBH children.

There is a thought behind every activity that the Autistic and slow learner children are involved in. The day begins at 11:00 a.m. when the ASD & slow learner children come to AARMBH by our own school van. The Day starts with prayer and Yoga. After those children being imparted special academic sessions, Quality special education, therapies and the vocational training up to 4:00 p.m. These activities are very important to their well-being.

AARMBH has a team of good special educators, physiotherapist, psychologist, speech therapist, music teacher and dance teacher for the overall development of autistic and slow learner children. Our special educator teaches life skills like combing hair, wearing their clothes etc., which will make them independent in daily routine. There are dance and music classes being conducted daily. This activity gives them tremendous joy and happiness.

AARMBH has a separate room for the vocational training, during the vocational training, children are being taught for making of greeting cards, envelopes, paper bags, decorative days and rangolies and so on. A child learns from the teachers and makes very beautiful above mentioned things with fun and happiness.

How to Turn Dream into Reality

Aarambh Center for Autism has certain plans of action. Build the capacity and skills of individuals, families, community agencies and professionals to help individuals with autism Spectrum Disorder, realize opportunities for successful community inclusion. Provide leadership in the development and delivery of services that are marked by excellence and flexibility and are grounded in evidence raise awareness and understanding of Autism Spectrum Disorders and Promote the rights of all individuals to be treated with dignity and respect Keeping these GOALS in mind the AARMBH is heading towards fulfilling the DREAMS.

Through the years of experience it has been noticed that AUTISTIC children are quite interested in group activities rather than performing alone. So, AARMBH has conducting many group activities, programmers to bring BEST out of these children. In year 2014-2015 in spite of limitations AARAMBH has organized competitions & other activities.

Therapies adopted by Aarmbh

- **TEACH Method** : Treatment and Education of Autism and Related Communication Handicapped Children (Structured Teaching)
- **PECS Method** : Exchange communication System (Teaching children with the help of pictures)
- **SI Therapy**: Sensory Integration: tempts to treat Sensory Integration Dysfunction [1] Some of these treatments (for example, sensor motor handling) have a questionable rationale and no empirical evidence.
- **Music Therapy**: Reduce Hyperactive with the help of various kind of music.
- **Speech Therapy**: This is focuses on receptive language and expressive language. Presently we are running an Arambh autism center, in a 4 room's bungalow with open space which is taken on rent. We have equipped our therapy rooms with advanced equipments..
- **Behavioral Modification**: An approach to psychotherapy in the behaviorism tradition that focuses on behavior.
- **Daily Life Therapy**: Daily Life Therapy (DLT), called Seikatsu Ryouho in Japanese, is an intervention which focuses on teaching children with autism to successfully interact in groups.
- **Special Awaj software** :
We have installed Awaj software for Nonverbal children (who don't have speech). Which improve their speech?
- **Current Infrastructure**: Presently we have two special education class rooms, one therapy room, speech therapy room ,office and vocational activity room in rented bungalow
- **Computer Education** : As per search on Autism, Autistic children are very good in technology. They are also having much more affection in computer paint brush and drawing activities. So enhance compute knowledge of our children, we have computer education training session, at present we are giving computer education to following autistic children

रोपाचे संगोपन करून त्याला माझे नाव देईन

‘दिव्य मराठी’च्या ‘एक वृक्ष एक जीवन’ उपक्रमात आरंभ ऑटिझम सेंटरच्या मुलांचा नारा

प्रतिनिधी | औरंगाबाद

आपल्या संस्थेत आज वृक्षारोपण करण्यात येणार आहे हे कळताच आरंभ ऑटिझम सेंटरमधील स्वयंमन मुलांच्या चेहऱ्यावर उत्सुकता दिसून आली. प्रत्येकांनी खुड्ड्यांमध्ये रोपटे लावण्याचे सांगितले तेव्हा प्रत्येकांनी स्वतःचे एक एक रोप उचलून हे माझे आहे, मीच पाणी घालून संगोपन करणार, त्याला माझे नाव द्या, असे म्हणत रोपांची लागवड केली.

‘दिव्य मराठी’च्या वतीने पर्यावरणाच्या संवर्धनासाठी ‘एक वृक्ष, एक जीवन’ हा उपक्रम राबविला जात आहे. या उपक्रमाला शहरातील संस्था, संघटना, व्यक्ती स्वतःहून या उपक्रमात उत्स्फूर्तपणे सहभागी होत आहे. या उपक्रमातून शुक्रवारी २८

जुलै रोजी दुपारी १ वाजता आरंभ ऑटिझम सेंटर येथे वृक्षारोपण करण्यात आले. सर्वसामान्य मुले जसे सामाजिक उपक्रमात सहभागी होतात, परंतु स्वयंमन मुलांना फार कमी वेळा सहभागी होता येते. आजच्या संस्थेत वृक्षारोपण कार्यक्रम आहे, हे कळताच मुलांमध्ये उत्साह संचारला. आपल्या सारखेच झाडे आहेत, त्यांची काळजी घेतल्यास ते फळे, सावली देतील. झाडांची संगोपनाची जबाबदारी प्रत्येक घेत स्वतःचे नाव देण्याचा हट्ट शिस्कांकडे

उपक्रमात सहभागी आरंभचे आकाश भोजवानी, किरण जोशी, साद शेख, अक्षय बागुल, नवनील नीरज, अनिमेश जहागीरदार, श्रीहरी टाकळकर.
